Etac Molift Nomad

Portable Hoist

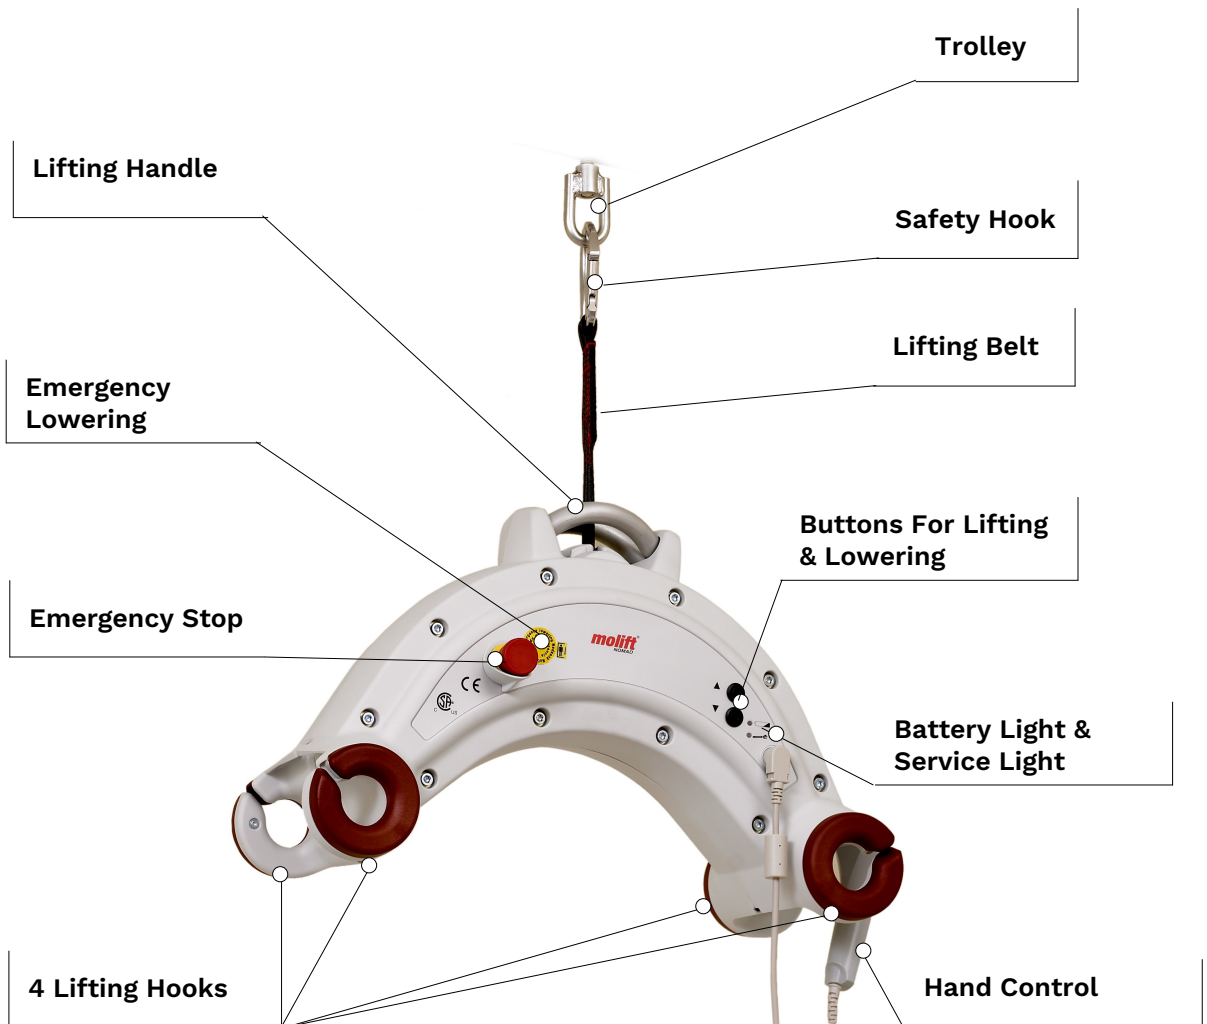

The Etac Molift Nomad is a flexible and user-friendly portable ceiling hoist which is intuitive and easy to operate. Characterised by an innovative design and user friendliness, the Etac Molift Nomad has a unique and attractive design. The curved shape is designed to accommodate the user's head with ample space, while the integrated 4-point yoke provides ultimate safety, comfort and dignity during the lift and transfer. The combination with a compatible sling ensures the user will achieve a correct and comfortable transfer position. The integrated handles make it truly portable. If rail installations through a door opening are not possible, the Etac Molift Nomad can climb from room to room, i.e. from one rail system to another. The Etac Molift Nomad weighs just 6.8kg and has a remarkable SWL of 230 KG.

Technical Specifications
