AUTOLIFT

UNDERFLOOR "F 900"

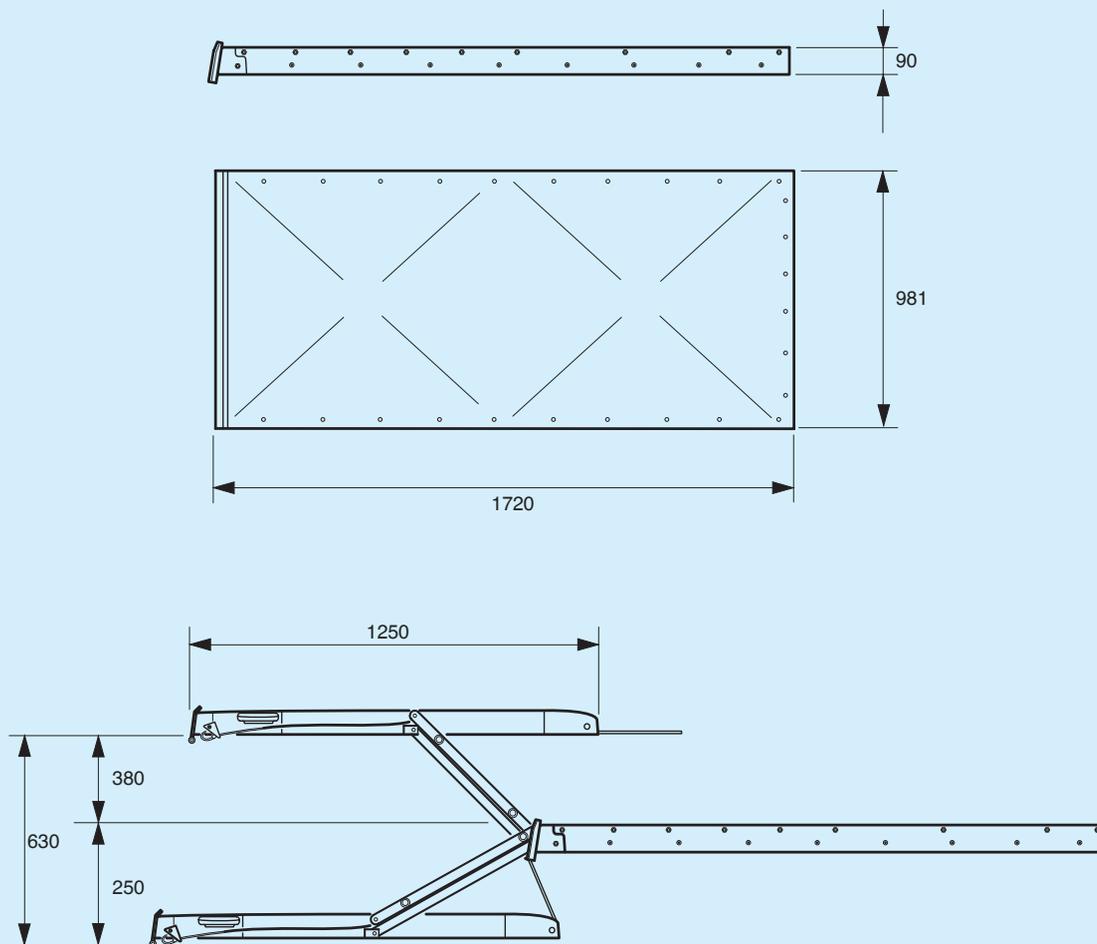

The F900 is a retractable, completely automatic underfloor lift made in stainless steel and aluminium to be fixed in the side of the vehicle. Thanks to the extremely slim dimensions of the cassette F900 can be mounted on a wide range of vehicles for people transportation.

- Aluminium Platform with warning lights
- Protection stainless steel cassette water-tight with deep of 90mm
- Automatic safety-stop-plates for the wheel chair.
- Powered through an electro-hydraulic unit and 2 cylinders
- Controlled through a 4 button pendant switch
- Auxiliary emergency hand pump
