

DEUTSCHER HEALTHCARE

BARIATRIC BED

350KG
LOAD CAPABILITY

WMR 1090BT

The WMR1090BT Bariatric King Single Floorline bed has a 350kg capacity to care for those who require a larger bed. This bed can be folded for ease of storage, transport and installation. It is easily fitted through standard doorways. Double actuators are fitted to both the head rest and knee bend and the lift actuators are heavy duty.

The WMR1090BT Floorline bed is designed and manufactured in Ballarat Australia, from quality materials. Designed to meet both Australian and international standards.
