SUMMARY

CHOICE WITHOUT COMPROMISE

The new QUICKIE Q-Series offers full flexibility to create the perfect powerchair for each individual user. Highly flexible configurations, interchangeable parts, quick and easy adjustments.

BEST IN CLASS SEATING

The SEDEO seating range offers high-end seating systems to cover any clinical need. A choice of five seating systems: SEDEO ERGO UP, SEDEO ERGO, SEDEO PRO and SEDEO LITE. All compatible with JAY cushions and backs and WHITMYER headrests to assure the best seating and positioning.

BEST DRIVE BASES CHOICE IN THE MARKET

From cost effective compact bases to high performance outdoor bases, all with the most extensive choice of drive tractions. An impressive range of base levels, and drive tractions that can accommodate all sort of user preferences, lifestyle needs and pricing/reimbursement requirements.

WITH MOST ADVANCED TECHNOLOGIES

Advanced engineering and innovative technologies applied to improve people's lives: SpiderTrac™ 2.0 and Full Track Suspension, Memory Seating, advanced anti-shear backrests, biometrical repositioning, Remote Seating app (pressure management), SWITCH-IT controls and Link-It mounting systems and advanced R-Net Controls.

EASIER TO LEARN

The common design and the modularity create a simplified user experience, that makes it very easy to learn, manage and prescribe.

EASIER TO SERVICE

The modularity and flexibility of the bases, seatings and controls allows an easy adaptation to different users, making it perfect for refurbishments and allowing a great fleet management.

SERIES OVERVIEW

QUICKIE Q-SERIES OVERVIEW

Q700 SERIES: THE ULTIMATE EXPERIENCE

Chairs designed to offer a superb outdoor experience while allowing a good indoor use. A choice of three high performance drive bases with market leading suspension technologies, powerful motors and long lasting batteries to provide the ultimate outdoor performance. Combined with a choice of complex rehab seating systems (SEDEO ERGO UP, SEDEO ERGO & SEDEO PRO) to match users with specific or high clinical needs, and the most advanced electronics to access their world. Including also standing versions.

Q500 SERIES: MAKE YOUR OWN ADVENTURE

Robust outdoor powerchairs with a choice of three drive bases with advanced suspension technologies and powerful motors, for a superior outdoor experience. Combined with a choice of rehab seating systems (SEDEO PRO & SEDEO LITE) to provide great support and positioning to users from mild to medium clinical needs, and the most advanced electronics to access their world.

Q400 SERIES: ADVANCED OUTDOOR / INDOOR PERFORMANCE

Robust outdoor powerchairs with a choice of three drive bases, with regular motors and suspension for a great outdoor experience with advanced electronics. Available with SEDEO LITE seating systems.

Q300 SERIES: ULTRA COMPACT EVERY DAY PERFORMANCE

Entry level chairs with ultra-compact mid or rear wheel drive bases for great indoor agility with the stability and traction for outdoor navigation for community access.

PERFORMANCE BASES

DRIVE BASES OVERVIEW

The new QUICKIE powerchairs range offers the most complete choice of drive bases on the market, available in different series and with many seating systems.

The choice of a drive base affects how the chair performs in different situations and environments. The right choice for each user will depend on personal preferences, experience, clinical, lifestyle and environmental needs.

MID-WHEEL DRIVE BASES (MWD)

The mid-wheel drive bases have the best indoor performance. Their smallest turning circle provides great manoeuvrability. They are very intuitive and easy to drive, ideal for users with reduced hand control, driving with switches and users with poor spatial awareness.

FRONT- WHEEL DRIVE BASES (FWD)

The front-wheel drive bases have great outdoor performance with good indoor manoeuvrability. Knee angle can be positioned at 90°. Maintains control on steep declines.

REAR-WHEEL DRIVE BASES (RWD)

The rear-wheel drive bases are stable and have good kerb climbing ability. Intuitive drive that provides good control with non-proportional inputs.

SEDEO ERGO UP

High-end biomechanical seating, with many programmable seating positions and standing function. All the benefits of SEDEO ERGO seating with additional standing function. SEDEO ERGO UP provides a standing angle up to 85° with a highly rigid and stiff standing module.

SEDEO LITE

Multi-adjustable seat frame with the option of either SEDEO LITE backrest cushions, Jay backrests or sling back upholstery. SEDEO LITE is designed for users with medium to low clinical needs that require adjustable seating system. The backrest, armrests and legrests can be adjusted to fit the user. Includes seat frame with seat rail for additional mounting solutions.

SEDEO ERGO

High-end biomechanical seating, with many programmable seating positions. SEDEO ERGO covers the most demanding clinical needs with 180 mm anti-shear back movement, biometric repositioning function, infinitely adjustable seat and back, easy entry system, 90° knee angle in seated position and pressure relief reminders.

WHITMYER & JAY SEATING

Compatible with all SEDEO seating systems, the JAY family of cushions and backs offers superior clinical seating for pressure management, positioning and comfort. WHITMYER headrests are also compatible with all SEDEO seating systems offering the best head support and positioning.

SEDEO PRO

High-end fully adjustable and configurable seating frame with a wide range of comfort cushions and positioning options. Aimed at meeting moderate to complex clinical needs. With a wide range of armrests, armpads, legrests, seat and back cushions, headrests and positioning accessories, SEDEO PRO offers great flexibility to adapt to the individual user needs.

CONTROLS & CONNECTIVITY

VR2 & R-NET ADVANCED JOYSTICKS

Most of the QUICKIE Q-Series wheelchairs come with a choice of the reliable VR2 control and the superior R-Net advanced joystick. A large, easy-to-read HD display and simple to control paddle switches allow for intuitive operation.

CONNECT

Seamlessly take control of your environment using the integrated Infrared functionality. Control your home entertainment system, TVs, DVDs, docking stations and other home entertainment systems simply through your joystick.

BLUETOOTH & IDRIVE

Control your phone, computer, tablet and any other Bluetooth and i-devices with this useful optional extra. Connect and control up to four devices.

QUICKIE'S PATENTED ASSIGNABLE BUTTONS

Change the function on any button on your joystick to any command you desire, thanks to QUICKIE's patented assignable buttons. You can also assign a second (long press) function to buttons, giving you quicker, simpler and smoother access to functions you commonly use without having to use your joystick.

If driving with a traditional joystick is not the best option, alternative drive controls allow you to fully experience your chair's driving capabilities and benefits.

SWITCH-IT

INNOVATIVE CONTROLS

Conveniently access your 5 programmable positions with the Ctrl+5 – a perfect combination with Memory Seating (Memory Seating with SEDEO ERGO and SEDEO ERGO UP only). It allows you to go straight to the function you need at the touch of a button.

LINK-IT

MOUNTING SYSTEM

Need to use additional switches or special controls? No problem, easily connect them using the universal Link-It mounting system.

QUICKIE

DESIGN AND APPEARANCE

DISTINGUISHED STYLE

With the Q-Series, we've taken style to the next level. With a matt-black chassis finish, hidden wiring and components combined with sharp-tailored upholstery, it's a sleek and a contemporary design with a variety of colours to choose from.

Fancy a change?

A choice of contemporary colour inlays to perfectly complement its striking matt-black bodywork. Simply replace the colour inlays. Styling your powered wheelchair has never been so simple.

*Q700/Q500:       

*Q400/Q300:    

* The number of colours available may differ depending on the seat and base combination.
