

TREK Titan

PREMIUM PERFORMANCE AT AN AFFORDABLE PRICE

Extra Wide Seat - Offset Steering - 300kg Capacity

Designed from the ground up as a bespoke bariatric scooter to suit special needs clients requiring extra wide seating and a very high load rating. The *NEW* Trek Titan outperforms all competitors in it's class and sets a new benchmark for performance, ride and handling.

Optional canopy with glass windscreen provides the optimal all weather solution for golf courses and residential villages.
