

# 7 PATIENT SLIDE SHEETS & TUBES

# SLIPPERYSALLY® SINGLE PATIENT USE

**Haines**®  
MEDICAL AUSTRALIA

Multi-directional SPU slide sheets

**SlipperySally® Single Patient Use** slide sheets are designed to improve infection control and patient handling efficiency in a busy hospital environment. For general ward use, they can be used with one patient for the duration of their stay and wiped down as needed or, where a higher level of infection control is required, disposed of after use.

## CHOOSE FROM

- Individual, ready to use slide sheets OR bulk sheeting by the roll
- Three sizes and two colours (2m sheet only)
- Loose packed, individually sealed (1m and 2m sheets only) OR pre-packaged in SPU patient bag (2m sheet only)

## FEATURES

- **Silicone-coated polyester taffeta with heat-sealed edges** – Slippery on both sides (no wrong way up)
- **Single patient use** – Alleviates the risk of cross-contamination associated with reusable slide sheets
- **Ready to grab and go** – No need for staff to risk patient handling injuries while waiting for reusable slide sheets to return from the laundry
- **Consistent slip quality** (unlike old, reusable slide sheets returned from the laundry)

- **Radiolucent** – Can be used for X-rays/CT scans
- **SWL up to 360kg<sup>1</sup>**
- **Disability friendly** – Tested to AS EN 12182:2015 Assistive product for persons with a disability<sup>2</sup>
- **Significant cost savings** – Around one third of the price of reusable slide sheets, with no laundering costs

<sup>1</sup> AWTA test on file  
<sup>2</sup> Novita Tech test on file

Patient Slide  
Sheets & Tubes

# SLIPPERYSALLY® PREMIUM

**Haines**®  
MEDICAL AUSTRALIA

Multi-directional, reusable slide sheets

**SlipperySally® Premium** slide sheets are washable for reuse with multiple patients. Soft and quiet, they slip extremely well in all directions and are the slide sheets of choice for many of Australia's leading manual handling trainers.

## CHOOSE FROM

- Individual, ready to use slide sheets OR bulk sheeting by the roll
- For individual sheets: **Hemmed edges all round** with a 12 x 8cm identification label on one corner OR **heat-sealed edges** for improved infection control (no identification label)
- Three sizes and two colours (1m and 2m sheets only)

## FEATURES

- **Soft, high-grade, silicone-coated polyester taffeta** – Slippery on both sides (no wrong way up)
- **Washable** – Sheets are proven to retain their slip for up to 250 washes at 75°C (tumble dry on cool setting or hang to dry for longer life)
- **Identification label** for recording ward number etc, to help slide sheets return safely from the laundry (hemmed sheets only)
- **Radiolucent** – Can be used for X-rays/CT scans
- **SWL up to 360kg<sup>1</sup>**
- **Disability friendly** – Tested to AS EN 12182:2015 assistive product for persons with a disability<sup>2</sup>

Patient Slide Sheets & Tubes

# SALLYTUBE® SINGLE PATIENT USE

**Haines®**  
MEDICAL AUSTRALIA

SPU slide tubes for patient transfers and more

**SallyTube®** slide tubes or 'move tubes' are slide sheets sewn into tubes to facilitate transfers without the need for a second slide sheet. For general ward use, they can be used with one patient for the duration of their stay and wiped down as needed or, where a higher level of infection control is required, disposed of after use.

## FEATURES

- **Silicone-coated polyester taffeta** - heat-sealed with sewn join to slide on itself
- **Single patient use** – alleviates the risk of cross-contamination associated with reusable move tubes
- **Ready to grab and go** – no need for staff to risk patient handling injuries while waiting for reusable move tubes to return from the laundry
- **Consistent slip quality** (unlike old over-laundered move tubes)
- **Multi-directional**
- **Radiolucent** – can be used for X-rays/CT scans
- **Individually sealed**
- **Handy dispenser system**
- **Significant cost savings** – around one third of the price of reusable move tubes, with no laundering costs

Illustration above demonstrates use of SallyTube® (MT STDSS-60) with ProDRAW™ (DSMS190110H-80)

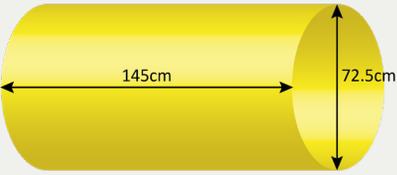

**Acrylic Dispenser**

- Easy wall dispensing
- Fits inner box of 12 tubes

Code: **MT DISP**

**EACH \$13.59** \$14.95 INCL GST

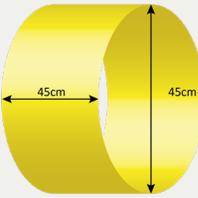

**SallyTube® SPU Bed to Bed Tube**

- 145cm W x 72.5cm L (145cm circumference)
- Ideal for lateral transfers from bed to theatre or X-ray table, stretcher or other surfaces
- When inserted in the lateral transfer position, patients can be moved 30cm up the bed, or the tube can be rotated 90 degrees for up-the-bed manoeuvres
- SWL up to 360kg<sup>1</sup>
- Ideal for use with a draw sheet, such as ProDRAW (DSMS190110H-80)
- Contains 5 inner boxes of 12 SallyTubes®

Code: **MT STDSS-60**

**BOX 60 \$365** (\$6.08 ea) GST FREE

**SallyActive® SPU Chair Size Tube**

- 45cm W x 45cm L (90cm circumference)
- Ideal for assisting with:
  - Rehab exercises – reducing friction during arm and leg exercises, for example
  - Seated transfers – in and out of vehicles, chairs etc – to reduce carer and client effort
  - Positioning other equipment, such as slings
- Refer to SallyActive® Guidelines for detailed information on the above activities.

Code: **MT SPUCH-50**

**BOX 50 \$195** (\$3.90 ea) GST FREE

# SALLYSTOCKING® AID

**Haines®**  
MEDICAL AUSTRALIA

Streamlines the application of open toe compression and anti-embolism stockings

The **SallyStocking® Aid** is an inexpensive aid for putting on open toe compression and anti-embolism stockings. Made from SlipperySally® materials, in both single patient use and washable formats, the SallyStocking® Aid rolls over on itself during removal to minimise friction.

It is important that anyone using the SallyStocking® is adequately trained in its use as well as the application of compression and stockings. Ensure proper sizing of stockings and always refer to manufacture instructions.

## SallyStocking® Aid Single Patient Use

- Yellow
- Polyester strap
- Individually sealed with label and instruction
- Avoids cross-contamination between patients
- Readily available - no waiting for the laundry
- Often more cost effective considering wash costs and loss of reusables

### ADULT

Code: **MT SSSPU-50**

**BOX 50** **\$195** (\$3.90 ea)  
GST FREE

### BARIATRIC

For bariatric use or swollen legs

This product can be purchased online at [hainesmedical.com.au](http://hainesmedical.com.au)

For correct fitting and usage of your compression or anti-embolism stockings please discuss with your clinician. These stocking aid instructions are a guide only and do not replace the fitting guidelines by the stocking manufacturer. Before use, confirm with the manufacturer of the compression or anti-embolism stocking that the SallyStocking® Aid is validated for use with their stocking.
